I:
The left, the right
The day, the night
The dark, the light
One.

The chump, the champ
The wimp, the vamp
A king, a tramp
One.

The small, the great
The endless sky
The hand of fate
The wondering why

The strong, the frail
The truth, the tale
The flea, the whale
One

II: C
The sun, the rain
The joy, the pain
Each John or Jane
One.

The twilight hush
A teenage crush
A luscious thrush
One.

The winsome maid,
Her nights awake
The dashing blade,
The lovers' ache

The sweet perfume
The perfect bloom
The bride, the groom
One.

III:

DD

The border guard
The prison yard
The spared, the scarred
One.

The rich, the poor
The needless war,
The cannon's roar
One.

The troops deployed
The naïve youth
A town destroyed
The brutal truth.

The refugees
The bound, the free
They're you and me
One.

IV:

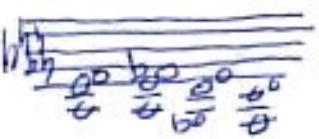

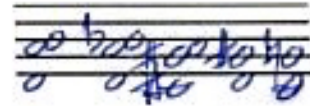

D

The ocean's deep
A world asleep
The wolf, the sheep
One.

The hallowed ground
The lost, the found
The softest sound
One.

The things you tried
The plans you made
The changing tide
The years that fade

The wounds you nurse
The lifted curse
The universe
One.
